Water service restored to customers on Makana Road and Po'o Road in Kapa'a

KAPA'A – The Department of Water (DOW) has restored water service to customers located on Makana Road and Po'o Road in Kapa'a as of approximately, 10:45 p.m. on September 15th. DOW crews completed repairs to the recent main line break and customers may resume normal water use.

When the water main is turned back on, air and or existing sediment may be mixed into the water causing it to appear white or milky at the tap. This is normal and if it occurs, customers may flush water out from an outside hose bib until water is clear.

DOW thanks customers for their patience and cooperation during the emergency service repairs.
